Date:	15th July 2025

Dear Sir/Madam,

Installation of fixed line broadband apparatus (1m of cable on wall and 1 hole).

The Old Town Hall Market Square Horsham West Sussex

I refer to your notification received in this office on 17th June 2025 concerning the above site.

I write to inform you that this Authority has the following comments to make on the above proposal.

Limited information has been provided regarding the size/diameter of the cable, and no justification has been provided as to why existing openings could not be used to facilitate the works. There would be a preference to utilise existing openings over creating new openings. Should the proposal require the creation of a new hole, further information would be required regarding the size of the opening (including a detailed elevation showing the cable run and how it will be fixed to the wall) as well as further justification as to why an existing opening cannot be used.

I trust this information is of assistance to you. Should you however require any further information or clarification please do not hesitate to contact the Case Officer as detailed above.

Yours faithfully

Emma Parkes
Head of Development and Building Control
