Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment
Comments:	We have been regular visitors to Barnes Green for the last 20 years and have always felt that the village is a quintessential English village with a thriving local village community with facilities suited to the size and nature of the village. There has been much

development over the last 10 years and the infra structure has not been improved to allow for this development. The country roads into Barnes Green are not designed for the amount traffic that now seems to be using them and yet more traffic will only add to the congestion. I believe that the appeal of Barnes Green as a village will be lost and it will simply turn into a satellite town to Horsham and for this reason I object to the proposed development of 68 more houses and the access roads that will destroy local woodland and hedges.

Kind regards
