Reasons for comment:	
Comments:	As a regular user of the Cricket club and member of the local community, I support this application to improve the pavilion and Cricket club facilities. I've been involved as a volunteer supporting the cricket matches for a number of years and we do need to improve the aging building which was never meant to last for this number of years.

There are many community events that held at the cricket club (not just Cricket related) but fundraising and charity events and having an upgraded building will support many aspects of our community.

Kind regards
