Reasons for comment:	- Design - Privacy Light and Noise - Trees and Landscaping
Comments:	We fully endorse the points and objections set out by [REDACTED] 70 Merryfield Drive. There seems to be some discrepancy as to exactly how far from our boundary the building will be: even at the consented distance the noise from the classrooms with windows and doors open in the summer will be intrusive, for this reason also we are very keen that this distance should not be reduced at all from that which was consented. There is nothing in writing about security lighting and ensuring this is not intrusive. The key on page 2 of the developer's Greenway Public Consultation document refers to a 6m lighting mast, but , despite asking, we have been unable to ascertain the location of this.

Kind regards
