| Comments:            | <p>My objection is primarily concerned with traffic and safety . The owner of Lock House does not own the private , single farm track turning off the B2135 to his driveway . This single farm track is a very popular and well use footpath and bridleway . It is not wide enough for a car and cyclist , nor walkers to pass by each other , and necessitates them mounting a narrow verge . It would be dangerous to have more traffic on this lane . If this building application is successful, added to the other numerous applications for Lock House it would be turn this property into a holiday village , without following correct procedures. The noise that would generate from these propose applications would be disturbing not only to neighbouring properties but also to wildlife , including , European white storks, nightingales, numerous other birds and deer.</p> |
