I have viewed plans on Public Access & visited the site. This department seeks assurance that that no nuisance, disturbance or loss of amenity is caused to nearby properties.

The Olive Branch has a Premise Licence issued by this department under the Licensing Act 2003 with Conditions on the licence to minimise the impact of noise:

- No recorded music, other than low level background music, to be played after
- 23:00hrs.
- Sources of noise from music, singing and speech, whether amplified or non-
- amplified should be barely audible outside noise sensitive premises, such that it is inaudible inside noise sensitive premises between the hours of 2300 and 0700
- No sale, supply or consumption of intoxicating liquor in the outside drinking area after 2300hrs
- Notices advising customers to leave quietly and respect neighbours to be display prominently throughout the premises particularly at the exits.

Conditions recommended for consideration by the Local Planning Authority.

- No speakers to be installed in the structure.
- All other speakers installed in the garden to play background music only

To comply with the requirements of the Smoke-free (Premises and Enforcement) Regulations 2006 the structure must not be wholly enclosed, or substantially enclosed if allowing patrons to smoke in the covered structure.

Should you wish to discuss this matter further please do not hesitate to contact me
