Address: 4 York Close Southwater

Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design
Comments:	Fully support this application. This plot of land has been vacant for a very long period of time and needs developing. The design and layout is excellent for the plot. With the properties being tucked away at the bottom end and the additional application for the residential home at the front of the site this will enhance the entrance to the village. Only concern would be traffic access onto the site for both applications being close to the main vehicle roundabout into the village.

Kind regards
