Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

The proposed works will remove inappropriate and defective sand/cement render from the front porch and replace with natural fibre insulation material covered with lime plaster.

The porch itself is solid brickwork and was added to the building during 1970s. Itself has no heritage value but its appearance is in keeping with the original property. The overall appearance of the porch or property will not be changed by the works.

The proposed works will improve the thermal performance of the porch and eliminate the current interior condensation damp problem.

Has the development or work already been started without consent?

☐ Yes

☒ No

- ☐ Yes
☒ No

d) stripping out of any internal wall, ceiling or floor finishes (e.g. plaster, floorboards)?

- ☐ Yes
☒ No

If the answer to any of these questions is Yes, please provide plans, drawings and photographs sufficient to identify the location, extent and character of the items to be removed. Also include the proposal for their replacement, including any new means of structural support, and state references for the plan(s)/drawing(s).

It is proposed to remove the inappropriate sand/cement render on the building front porch, added in solid brickwork during 1970s, with natural fibre insulation and covered with lime plaster render. The overall appearance will be unchanged but the insulation will address existing condensation and damp problems on the inside of the porch.
