Conditions

Condition 4: Recommend discharge

Pre-Commencement Condition: No development, excluding demolition pursuant to the permission hereby granted, shall commence until a Biodiversity Enhancement Strategy for Protected and Priority species has been submitted to and approved in writing by the local planning authority. The content of the Biodiversity Enhancement Strategy shall include the following:

- (a) Purpose and conservation objectives for the proposed enhancement measures;*
- (b) Detailed designs to achieve stated objectives;*
- (c) Locations of proposed enhancement measures by appropriate maps and plans;*

- (d) *Persons responsible for implementing the enhancement measures;*
 (e) *Details of initial aftercare and long-term maintenance (where relevant).*
The works shall be implemented in accordance with the approved details and shall be retained in that manner thereafter.

Reason: As these matters are fundamental to safeguard the ecology and biodiversity of the area in accordance with Policy 31 of the Horsham District Planning Framework (2015), and to enhance Protected and Priority Species/habitats and allow the LPA to discharge its duties under the s40 of the NERC Act 2006 (Priority Habitats & Species).
