Thank you for the opportunity to comment on the above numbered planning application. This proposal has been considered by means of a site visit, using the information and plans submitted with this application, in conjunction with other available WSCC map information. In respect to the above planning application I would provide the following comments.

On visiting the site on Monday, 3rd March 2026, it was evident that none of the agreed works set out in application DISC/23/0112, as documented in the Supporting Statement "N01 Highways Technical Note – 21 February 2024", have been carried out. Therefore, I must object to the discharge of Condition 7 until the required works have been completed or an alternative agreement has been reached.
