Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	I oppose the development of this site. Despite the changes to the proposal it still does not impact the overdevelopment in Thakeham. For a town that relies on an already dangerous road putting more cars into this area will have a big impact. You cannot

safely get public transport through this road and there are not enough amenities to provide for the increased population.

Kind regards
