Description of Proposed Works

Please describe the proposed works

1. I would like to add a small ground floor side window to my property to let natural light into very dark dining room that I have to keep a light on, using energy and costing money. The window would be 600mm wide x 1000mm high, opaque glass, with a small top opening window for ventilation. The window would not overlook or look into anyone and would be hidden in a private fenced area.
2. I would like to enlarge my ground floor kitchen window to let more natural light in, as it is dark in the kitchen with only two panes of glass at the far end of the kitchen. I would like to increase the window size from 1200mm wide (two 600mm panes) x 1000mm high to 1800mm wide (three panes) x 1000mm high - an increase in width of 600mm wide.
The window opens up onto my back private garden and cannot be seen by anyone and does not look onto any neighbour.

Details of the pre-application advice received

Pre-application advice. Megan told us normally a small window does not require planning under permitted planning, Unfortunately for us Megan told us "Regrettably, the property has had the permitted development rights removed when it was built under reference SQ/150/01" therefore we will be required to apply for planning permission.
Megan was very understanding and very helpful.
