Hi Halima

This is unusual. For changes in descriptions previously, it has been dealt with at the council. I have never had to resubmit a form!

I have gone into the planning portal and amended the form and resubmitted it so hopefully you will have received that by now.

I trust you now have everything to determine the application.

Kind regards

Tracy

Dear Halima

Further to your email below please be advised as follows.

We have changed the drawings to include the description of the replacement fence and added some details.

We will also get over an amended form tomorrow.

In respect of the photos we would ask that we are given some time to get these and will aim by the end of next week.

This email was sent to us late last Friday and has only given us 5 days to do this.

I would respectfully request that consideration is given to companies workload and more time allowed.

Kind regards

David

Dear David,

**DC/26/0106,
Chewton, The Street, Slinfold,
Erection of new front driveway.**

I refer to the above planning application, I am writing to inform you that I am the case officer dealing with this case file.

Having reviewed the content of this case file, the proposed landscape plan states that there would be a new post and rail fence with gate for pedestrian access. Please kindly confirm if this proposal forms part of this application. If so, please provide updated application form including this aspect of the development within the description of proposal and provide metrically scaled proposed elevation plans of the proposed fence and gate in context of the main dwelling.

Also, please kindly provide timed and dated site photos showing the view from the left hand side and right hand sides of the main road taken from where the proposed driveway would be located.

Please kindly provide the requested information by 13th February 2026. I really appreciate your kind co-operation.

Kind regards

Halima Chowdhury
