

Address: 1, Temple Mews, Lower Street, Pulborough, RH20 2BH

Bay hedge overgrowing from next door property, Waterside house.

Neglected hedge, multiple stems have extended out of hedge at roughly 8 meters in height, 1 temple mews is on the western side of hedge. Three stems have grown up, out and over the boundary line and in wind touch the property. These will be reduced down to 3 meters back into the hedge shape and removed off of the failing brick wall which separates the properties, only these lateral branches will be cut back and the rest of the hedge will be left alone as it offers a good screen from derelict property, Waterside House.
