# THAKEHAM PARISH COUNCIL CONSULTATION COMMENTS

| | |
|---|---|
| **TO:** | Horsham District Council – Planning Dept |
| **SITE ADDRESS:** | Warminghurst Farm Manor Buildings Park Lane Ashington Pulborough West Sussex RH20 |
| **PROPOSAL:** | Permitted Development rights for temporary campsites open for 60 days from 7th June 2024 to 28th September 2024 |
| **REFERENCE:** | DC/24/00461 |
| **RECOMMENDATION:** | UNABLE TO SUPPORT |

**SUMMARY OF COMMENTS & RECOMMENDATION:**

Thakeham Parish Council (TPC) is unable to Support this current request as we feel that in an increase of usage will not conform to Water Neutrality regulations as it currently stands.

**MAIN COMMENTS:**

There may be ways to address the Water Neutrality issue, but TPC requests that the application is either put on hold or refused until such time that the applicant can provide data to clearly demonstrate that Water Neutrality can be achieved. There are existing water meters in place and many other facilities that can be adapted on site to mitigate the extra water usage.

Furthermore, there is next to nothing within the application.

**ANY RECOMMENDED CONDITIONS:**

Applicant to come back with a fully developed Water Neutrality scheme and a fully detailed application.
