Comments:	I support this application because I believe the proposed sauna would be a valuable addition to the local community. The existing gym has been a great community asset. It gives people a place to come together, stay active and make time for their wellbeing. The sauna would complement what is already there, rather than simply add another building to the site.

For me, the benefit is having a welcoming place where people can look after their physical and mental wellbeing and feel part of a community. I would be pleased to see the gym build on the positive role it already plays, and I hope the council will approve the proposal.

Kind regards
