Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity
Comments:	Parking is a significant issue in Bedford Road and neighbouring streets. This was, perversely, compounded by the CPZ - which implies a right to park - resulting in frequent obstructions of drives and hard standings (often blocking vehicles in!) The redevelopment of properties at the Brighton Road end of the street - without adequate parking provision - has further impacted available parking. This issue already prevents conversion to electric vehicles, as

parking on one's own property to recharge cannot be guaranteed.

The planning application suggests a threefold increase in adult residents at that property, potentially resulting in four new cars in the Road.

There is simply not the space to accommodate so many additional vehicles.

Kind regards
