Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment - Trees and Landscaping
Comments:	Overall view is this application is not considerate of the location, impact on congestion, compound affect on the local area and lack of access, local amenities to support the increase of residences. There are plenty of pre- existing footprints that local planning departments and property developers should be using like the old RSA building rather than over running the dwindling countryside.

Kind regards
