Dear Madam

This email is made on behalf of [redacted] the owner of Stable Cottage which is the property next door to The Granary at Tedfold Stud Farm, Rowner Road, Billingshurst.

The following narrative/objection has been approved by [redacted] and is put forward thus:-

"My partner and I have lived alongside The Granary for nearly thirty years with the building as it has been with the single storey extension literally across from our property, the width of a driveway.

The proposed first floor extension would mean we would be overshadowed by this addition which would also impact on the light/sunlight coming into our house and with its size would change the outlook we have and the loss of privacy we enjoy.

We object to this application on the grounds given above."

Yours faithfully

[redacted]
