Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Overdevelopment - Trees and Landscaping
Comments:	Development in this area would have a negative impact on established local wildlife and biodiversity from the development and construction itself, loss of habitat and greenspace, subsequent noise and pollution. In addition, there is a lack of suitable supporting infrastructure such as water, wastewater and sewage, drainage of surface water so poses a risk of flooding, as well as existing local amenities

stretched to capacity with no plans proposed to improve to
accommodate predicted new residents load

Kind regards
