Subject: Tree cut back

[REDACTED] [REDACTED]

Property:

17a Causeway,
Horsham
RH121HE

Hi,

I'm seeking planning permission to please to cut back a tree in front of my bedroom window which has over grown & is cutting out the light at the back of the building. It has grown out of control by blocking out light and causing damp in nearby roofs etc.

I just want to thin out some overgrown branches and cut it down to the same level as the garden wall. This will not affect any other wall, garden or neighbouring buildings except to stop the damp.

Please see photos below.

Kind regards

Jennifer Halstead
Owner

Area in Red to be cut back. The branches at the back will remain the same. (It's not even a nice tree)!
