Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Overdevelopment - Privacy Light and Noise
Comments:	A quick perusal of the planning history around Stoneleigh (enforcements and all) will show what a cynical pattern of development this is at Stoneleigh. Despite planning conditions being placed on the building of this "barn" it was built and designed to be converted into housing which is why it already has a insulated floor and needs very little converting. I very much doubt it has ever seen a bale of hay, or housed any farm machinery in its very short existence, but the main objection is the

overdevelopment of this site clearly outside the BUAB. This creeping development coupled with the proposed development next door (DC/26/0735) will destroy the rural character of our hamlet.

The Heritage Statement supplied is incorrect as the "barn" and footpath are clearly visible from the living room in Sawyersland (Grade 2 listed), and both structures are clearly visible from the footpath and road. This would clearly affect the setting. The car parking of 4 cars on the driveway will further diminish the rural setting.

Kind regards
