Address: Elgin Lodge Trout Lane, Barns Green HORSHAM

Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment
Comments:	I am very concerned about the additional pressure on the Barns Green Wastewater Treatment Works as it cannot cope with the current houses in the village. We have had more overflows from the pipe work going through our land requiring Southern Water to

come out a number of times.

The access to the village shop drive by and drop in will be severely limited and a threat to its survival.

AND the roads! I have written to our MP to ask why we as council tax payers have to pay to repair the road destroyed by the lorries going in and out of the village to deliver and remove supplies from the develop sites but STILL have not had any reply. The infrastructure should part of the planning application and be put in before the development can start.

Kind regards
