Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment - Privacy Light and Noise - Trees and Landscaping

Comments:

I have already submitted my objection to this planning application but have since been informed that there is a proposal by Southern Water to close the Itchingfield facility and transfer the additional sewage to the already overloaded Barns Green Wastewater Treatment Works.

The BGTW is already over capacity and overflows on numerous occasions into nearby water courses. The additional houses proposed will only make matters far worse causing an environmental disaster. No further building should take place in Barns Green until the infrastructure of the whole village is upgraded, including the BGSTW.

I urge Horsham District Council to refuse the application or delay any decision until these concerns have been properly investigated and capacity of the BGSTW increased to serve actual, and projected, development needs.

Kind regards
