Customer Details

Address: 108 Heath Way Horsham

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Overdevelopment
Comments:	This installation is totally inappropriate for this particular location! It will add to the existing street clutter and be visually intrusive, towering above neighbouring shops and nearby residential areas.

This locality has heavy pedestrian footfall throughout much of the day, to and from local shops and to and from local schools. This set of installations could be an obstacle, particularly as it will be close by a Pelican crossing. As a nearby resident, I strongly object to this application.

Kind regards
