DC/26/0109 - 26 Wealdon Close Southwater West Sussex RH13 9HP
Demolition of existing conservatory and erection of single storey rear infill extensions.
Erection of a front porch. Conversion into lean to mono-pitched roofing, together with a full-length covered storage area along the right side elevation.

SPC Comment: **No objection.** This is a 1960's 3 bedroom detached on corner plot. The proposal is to replace the tired ground floor extensions, which all have flat roofs and have been built in a piecemeal fashion, and replace with pitched roofs. This is in line with most of the surrounding properties. Work has begun on replacing the drive, which has parking for 4-5 cars, although this application does not increase the number of bedrooms. Therefore, the aesthetics of the building will be improved, as well as an improvement in the living arrangements.
