Address: 3 The Village Barn Church Hill Brighton

Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Highway Access and Parking - Privacy Light and Noise - Trees and Landscaping
Comments:	I do not live in the Horsham District Council area - but I am making these comments as Treasurer of Henfield Bowling Club - whose property and facilities directly adjoin the development area under consideration. My concerns and objections are directly linked to concerns over whatever might threaten the Financial wellbeing and future of the

Bowling Club.

1. I am concerned that the development could disrupt our enjoyment of our facilities - especially during our playing season between April and October. My particular concerns relate to traffic issues that could arise should contractors seek to use our car parking areas at any time. These are grassed areas that could easily be damaged by heavy vehicles and excessive use. I am also concerned that such parking could take place prior to and during times when our bowling facilities are in use - unfairly forcing our members and visitors to seek parking some distance away.

2. In addition to potential damage to grassed parking areas, I am VERY concerned that heavy contractors' vehicles using the access road to our property - or part of that road - could damage the road surface and possibly cause potholes and collapse - WITHOUT ANY RESPONSIBILITY TO REPAIR SUCH DAMAGE.

3. The planting of hedges and trees could well lead to the Club having to maintain them - with the entire cost being borne by the Club.

IF permission to develop is given, will the Council guarantee that it will adopt the road in question and will take full responsibility for regularly cutting hedges and pruning trees? If it is unwilling to do so, what actions will it take to ensure the integrity of all land owned by the Bowling Club?

Kind regards
