Hi Amanda,

Apologies for the omission – I presumed that Historic England would be commenting on the protection measures for the Scheduled sites but I have reviewed the method statements as provided and can confirm that the required protection measures- fencing off a 5m buffer around the scheduled areas - are shown on the construction sequence phase plans that are supplied with the application method statement and so I can confirm that I am satisfied that appropriate measures will be put in place to ensure that the Scheduled Monuments are protected from harm and so have no objection to the Condition 4 being discharged

Kind regards

Nick
