Customer Details

Address: 9 willard way Ashington Pulborough, West Sussex

Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment
Comments:	I object to this development as i did before as the roads that will give access to it are not suitable and are already becoming a problem with traffic. church lane is already restricted with parked cars up and down it's

length and in some cases people are forced to walk into the road because of very narrow pavements.
Ashington is a small village and is not designed for this increase in people and traffic.
The junction by the church is already hazardous and the extra traffic will be a potential danger to pedestrians and traffic.

Kind regards
