Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment - Trees and Landscaping
Comments:	I [REDACTED] live on High Bar Lane, and I object to this application. West Sussex is already an area of serious water stress, and I am concerned that changing the existing water usage condition could increase pressure on our local water resources and the environment. Planning conditions that help reduce water consumption should be protected, not weakened. At a time when climate change and water shortages are major concerns, I believe sustainable development should be a priority. I ask Horsham District Council to refuse this application

Kind regards
