Subject: RE: Tree Application Invalid - CA/26/0071

Good Afternoon,

Please see information requested below –

G1 – Oak - There is approximately 12 to 13m crown width on the Southern aspect. After the requested works there would be a residual width of 10 to 10.5m depending on growth point options on the Southern aspect. No change to the height or remaining sides.

Please confirm if this can now be validated.

Kind regards

Zoe Hazelden
