Categories: Consultations

Dear Marie,

I am content the proposals are necessary to preserve the historic building. I have suggested a condition below to ensure the repairs are undertaken appropriately.

Regards,
Seán

LB06 Site Meeting Before Works Commence

Pre-Commencement Condition: Before any work begins on site, the person(s) responsible for supervising the works must meet the conservation officer of the Local Planning Authority, on site or as otherwise agreed, to confirm that all the conditions attached to the listed building consent are understood and can be fully complied with.

Reason: As this matter is fundamental to ensure that the significance of the designated heritage asset, and the character, appearance and integrity of the building, is not prejudiced, thereby preserving the special architectural or historic interest which it possesses, and to comply with Policy 34 of the Horsham District Planning Framework (2015).
