Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Trees and Landscaping
Comments:	1. The current North Horsham development of 2000 plus homes and businesses on the A264 (Mobray) is on-going and this area cannot cope with another project. 2. Massive pressure on transport/traffic congestion (already a huge problem) is certain to be exacerbated at the Moorhead

Roundabout. Specifically the entrance/exit to Earles Meadow which is already extremely dangerous.

3. Disregard for the indigenous wildlife in this area, destruction of the natural landscape and loss of public footpaths. The farmland concerned is a beautiful part of the local landscape and further destruction of this is not acceptable.

4. We feel that this application is only the starting point for further development. Fairfax has previously applied for the building of 473 homes on this same site, which was rejected.

Kind regards
