9th July 2026.

Horsham District Council,
Planning Department,
Planning Application DC/26/0671.

Dear Sir,

This Planning Application is totally inappropriate for Newhouse Farm, Old Crawley Road, Faygate!

Considerable Traffic at Moorhead Roundabout, it is part of High weald landscape. Wildlife and eco-system will be impacted by pollution from cars, noise and light. Our particular area is already plagued by several families of foxes.

hacks, local infrastructure: schools
hospital, doctor surgeries - already
under tremendous pressure -
Emergency services.

Horsham has already done so
much to build homes, i.e. Mowbray
North Horsham, even your own old
office building converted into
apartments, and many more old
office buildings converted too.

Save our precious countryside
which is slowly disappearing, please
Councillor resident
