Comments summary

Dear Sir/Madam,

Planning Application comments have been made. A summary of the comments is provided below.

Comments were submitted at 24/03/2026 12:24 PM.

Application Summary

Address: Land North West of Southwater

Proposal: Outline planning application, with all matters reserved (except for primary access to the highway) for a phased development comprising: the demolition of existing buildings and the construction of residential dwellings (including affordable housing) (Use Classes C2 and C3); a mixed-use neighbourhood centre (Use Classes E and F); education facilities (Use Class F1(a)); business and employment floorspace (Use Classes B2, B8 and E(g)); redevelopment of existing agricultural buildings including construction of a building for community use (Use Classes E and F2); improvements to public rights of way; sports pitches; gypsy and traveller pitches/plots; public open space; landscaping, and associated infrastructure.

Stance: Customer objects to the Planning Application

Reasons for comment:

- Design
- Highway Access and Parking

- Loss of General Amenity
- Overdevelopment
- Privacy Light and Noise
- Trees and Landscaping

Comments:

I am objecting to the Berkeley Homes proposal to build 1,000 homes on farmland northwest of Southwater.

The loss of yet more green space in a rural setting would have devastating consequences on the wildlife population, the well being of those already living here with more air pollution and less space for outdoor activities.

The children of the village already have to travel unacceptable distances to senior schools,

The water pressure at the southern end of the village is very low and more houses would add an unacceptable burden on already stretched resources.

It is time councils began factoring in the very serious threat of climate change to an area which is exacerbated by the destruction of open green spaces and wooded areas which are the actual lungs of the surrounding area.

Southwater residents voted in a democratic referendum in June 2021 to approve a Neighbourhood

Plan that set a clear and legally binding limit on new housing in the village - between 420 and 460

homes. That was agreed through a proper community-led process.

Berkeley Homes is now proposing more than double that number - 1,000 homes. This is not a slight overshoot. It is a 117% breach of the limit that residents themselves set.

National planning rules state clearly that where a proposal conflicts with the current and in-date

Neighbourhood Plan, planning permission should not normally be granted. The Southwater

Neighbourhood Plan is recent, legally adopted, and carries full weight.

Berkeley Homes has provided no independent evidence to justify overriding a community plan that

was voted for by local people just five years ago. Housing planners may state that the plan is "out

of date" being 5 years old but an online petition against this proposal has already attracted over

3000 signatories so the community sentiment back in 2021 is still current.

I ask that the Berkeley Homes 1,000-home proposal be refused because it directly and

fundamentally conflicts with the adopted Southwater Neighbourhood Plan.

Kind regards
