Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I write in full support of this planning application as a resident of Colgate village. We are a family with a young child and cannot support the play area proposal enough. The new park would create a safe, welcoming space where children can play, learn, socialise together and it will provide opportunities for children of all ages to connect with others in our village. Outdoor play has a profound impact on children's development and wellbeing. It provides opportunities that indoor environments often cannot replicate, helping children grow physically, socially,

emotionally, and cognitively.
Today the only option for local families is to drive to neighbouring villages or towns to find alternative facilities.

Kind regards
