Type of Proposed Advertisement(s)

Please describe the proposed advertisement(s)

The proposal is for the installation of a traditional timber post and hanging sign within the boundary of the property, adjacent to the existing boundary fence.

The timber post will have an overall height of approximately 2.8 metres, with the supporting arm projecting approximately 1.1 metres. The hanging sign will measure approximately 1.0 metre wide by 0.8 metres high and will display the Breathe clinic name and service.

The post, supporting arm and sign will be positioned wholly within the site boundary and will not project over the adjoining pavement or public highway. When viewed from the pavement frontage, the sign will be 'edge-on'

The proposed timber construction and traditional hanging-sign design are intended to provide clear identification of the premises while remaining sympathetic to the character and appearance of the site.
