Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Overdevelopment - Trees and Landscaping
Comments:	Firstly, the addition of more homes will affect the charm and beauty of a traditional English village. The village can not cope with more properties. The utility supplies are already stretched, public transport is basically non existent & the main road through

the village turns into a river when rain falls. The addition of more properties will make this much worse. There is no demand for new properties in Barns Green, the current development remains predominantly unsold and over priced.

Kind regards
