Comments: Horsham Town Council Planning Committee considered the application and resolved to support it. The Committee commented that the materials and design of the proposed signage should be in keeping with the surrounding street scene and sympathetic to the character of the existing heritage buildings. The signage should not appear overbearing, nor adversely affect pedestrian movement, public safety, or the visibility of neighbouring businesses. The Committee supports the recommendations of the Conservation Officer and requests that these are taken into account in determining the application. The Committee also asks that due consideration be given to the material planning concerns raised by the neighbouring business, Café No. 4.
