Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Other
Comments:	As long they don't abuse of the parking areas that is limited in the area and block the neighbours private property parking like they did when they done the roofing a few months ago and been disrespectful by the owners and contractors for me is all good or I will call the police in case of any abuse like last time. And specially working on weekends straight before even been 8am. We from the private parking seeing next to the building will not

authorise access without asking first, again we will call the police for invasion of private property or blocked of private property parking area and if needed we will gate the entrance. If they be polite we will be polite back....

Kind regards
