Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	Huge issue with this as resources already overstretched with people alrwady unable to access doctors etc. So please tell me which doctor surgery would they get allocated to? Then highway access putting another access road and more cars in and out of a

tight access area. Then what schools as already kids having to travel an hour away to access school already as oversubscribed. Then this is an area of natural beauty and the reason people move to these areas for the local nature being able to walk a dog and improve mental health which will be destroyed by building houses everywhere we have a space. There are thousands of disused buildings build where they are instrad of impacting on local communities. You will not have an answer for the above unless priving false information so lets have common sense, refuse and not just go after money and not care

Kind regards
