Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Overdevelopment - Trees and Landscaping
Comments:	We are losing more and more of our green space and should aim to retain as much as we are able whilst we can for wildlife and recreation. Over the last few years, Horsham and the surroundings areas have been significantly developed with major new housing estates bringing in extra congestion and putting pressure on amenities that are already struggling. As well as destroying valuable and irreplaceable green space, introducing

yet more development feels like the whole area is being saturated. Greater use of commercial sites and abandoned buildings should be made a prior rather than continue with what appears to be limitless expansion.

Kind regards
