Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	We strongly object to this extension proposed at 6 wood end .We feel the change of window on side of property would intrude on are privacy and is not within the 21 meter rule to are bedroom and living room windows also it overlooks are garden which we love and spend a great amount of time in .Also are biggest concern is the light it will be restricted in are South facing garden which we have planted to suit the conditions at a very considerable cost to my self .we are also concerned that scaffolding will need to be erected and will incroch on are land

Kind regards
