Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Other
Comments:	My primary concern would be the disruption caused by construction vehicles parking opposite my garage. This restricts maneuverability and makes it difficult, and at times impossible, to safely access or exit my driveway without mounting or striking the kerb. If this can be appropriately planned and managed to avoid unnecessary disturbance, I would have no objection at all.

Kind regards
