Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	When are residents going to be listened to? We should not have to continually write objecting to these mad plans. Thakeham has more than its fair share of development over the last few years and since these houses have been built conditions within the village have got progressively worse. The road system can not support any more development....no more reservoirs have been built to help with water supplies..schools, doctors, dentists all

bursting at the seams....

This was a beautiful little village. We have lived here over 40 years so remember what it was like....we have begrudgingly accepted the other developments but this is just too much. We urge you to help protect our village from further development!!

Kind regards
