Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Privacy Light and Noise
Comments:	Their delivery drivers park on a corner on double yellow lines on church street from early evening till 11:30pm this is a narrow street and it is an accident waiting to happen. They also stare into our window meaning that we now have to close the curtains as they are invading our privacy. Customers are now littering their takeaway rubbish on both church street and west street. Storrington does not need another fast food or takeaway Resturant there are already 6 in our small village, the odour from their fan is unbearable this along with the overbearing noise the extractor fan makes means that our family [REDACTED] can no longer go into our garden. We can longer hang our washing out to dry in the garden due to the stench of grease and cooked meat. We have to keep our windows closed As the smell gets into the house the noise from the extractor fan keeps us awake at night. The pollution that comes from the extractor is disgusting and makes the air intoxicating. The staff that work there are out the back talking very loudly till 11pm which keeps us awake. I strongly object to this being allowed to go ahead.

Kind regards
