Customer Details

Address: 1 Andrews Farm Station Road Warnham

Comments Details

Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Reasons for comment: - Other

Comments: Mrs Munden and myself were among the original purchasers following the development of properties at Andrews Farm. I also knew her for sometime prior to that. I have seen and read through the application on the council's website and as a neighbour of the property I have seen and spoken to the people who have lived in the building and know it has been used as a residential dwelling since 2014.

Kind regards
