Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	1. Loss of general on-street parking in a residential area where off-street parking is insufficient. 2. Too close to junction with Hunters Mead to where access and egress has already been made dangerous due to the, so called, "Traffic Calming" build outs. Adding an additional access and egress point will increase potential areas of vehicular conflict. 3. Too close to pedestrian crossing point across High Street at

end of Hunters Mead creating potential area of conflict between vehicles and pedestrians.

Kind regards
