Subject: DC-24-1999 - Land at 509467 125933 Hilland Road, Billingshurst

Hi Hannah,

The planning statement for the above application claims the belt of trees to the east of the site boundary will not be impacted upon.

The submitted landscape plans refer to an AIA document for details of the proposed tree protection. As the application is not currently accompanied by the referred to AIA and associated measured tree survey could you please request this information. I will then be able to make a fair assessment in this respect.

Bearing in mind Devine homes approach to pre-emptive elimination of boundary trees on the Eastern approach road to Rusper recently, I believe this request to be reasonable and in the public interest.

Thanks and regards

Andy
