Subject: DISC/26/0035

Hi Sophie

I haven't been aware of this application; however, this is a commercial premises ...and I have only commented on domestic/residential applications.

The premises, once operational, will need to organise a trade/commercial waste collection contract. But this will be at the discretion of the owners and can use any private company for this.

HDC do offer commercial waste collections and if they wish to use our services, a risk assessment will be conducted to assess suitability and access.

Many thanks

Josh Ives

Service Delivery Manager
